SUMMARY

A young, enthusiastic, and detail-oriented aspiring Data Scientist with a foundation in statistical analysis, machine learning, and programming. Passionate about applying analytical skills to aid real-life problems and eager to contribute to innovative data-driven solutions. I am a quick learner, who has strong problem-solving skills and is committed to continuous learning and collaboration within a team environment.

EDUCATION

2023-present

BELGIUM CAMPUS ITVERSITY

- Bachelors of Computing—Data Science Stream
- Expected Graduation : May 2027
- Lastest average : 66.4% (2024)

2018-2022

DALPARK SECONDARY SCHOOL

- Obtained a bachelor's pass
- Average : 72%

WORK EXPERIENCE

{No work experience as of late}

PRESENT

COURSE SUMMARY

2023 - PRESENT

- Pursuing a Bachelor of Computing, specialising in Data Science, this is a four-year NQF level 8 degree program that develops the following skills: data analytics, machine learning, and software engineering.
- The hands-on experience gained from coursework projects, which have equipped me with programming, statistics, and machine learning, where Pandas, Numpy, VSC, SQL Server Management, and Oracle have been used within the various projects.

SKILLS

• Programming Languages

- JavaScript, Python, C++, C#, HTML, CSS

• Database Management

- SQL, SQL*Plus Oracle

• Soft Skills

- Teamwork, Critical/innovative thinking,
Effective communication, Problem-solving

• Badges
